EDUCATION

I have lived in Raleigh most of my life. I went to elementary school through 9th grade in Raleigh, NC but finished high school in Charlotte, NC. Want to know a fun fact? My brother went to Brooks K-3rd grade. I went to a different elementary school in the Raleigh area because my mom was teaching there at the time. graduated from Meredith College with a Bachelor's of Science in Child Development and a K-6 teaching license.

FAVORITES

Want to get to know me better? Here are a few things. My favorite colors are pink, yellow, orange, turquoise, and green. Tacos and ice cream are my favorite foods. I love all Robert Munsch books because you will always end up laughing. A good joke always brightens my day and puts a smile on my face. The Lion King is my favorite children's movies. The best fun fact about me is that I rappelled down Wells Fargo after raising money for the Special Olympics. Enough about me, I'm excited to learn more about you.
